All participants must be 18 years old or older. Must have a valid drivers license issued in their state of residence. Entrants must be a current SCCA member, or purchase a weekend membership at registration. If you have an SCCA Time Trials log book, you must bring it with you to registration.

Entry Limit: Entries will be limited to 55 total cars.

Vehicle Eligibility: Vehicles required to have roll bars/cages per their eligible/potential SCCA class must have a restraint system as noted in the Time Trials/Hillclimb Driver Rules. All vehicles must comply with all minimum current SCCA Time Trials(PDX) safety requirements including, but not limited to, tires rated for a minimum of 118 MPH without visible safety defects and a minimum of a 3 point safety belt/harness (OEM is OK) for both driver and passenger seats to accommodate an in-car instructor (if required). The use of "race" tires is permitted for Advanced participants only.

Most GCR, SIR, TT or Rally vehicles are eligible to enter the PDX and must meet the safety requirements for the class for which they are eligible. **Exception:** Open wheel and sports racer competition type vehicles are not eligible to participate in this PDX nor are high center of gravity (HCG) vehicles such as SUVs, pick-up trucks and vans.

Legal street licensed vehicles are also eligible to enter this PDX as long as they comply with the safety rules governing this event.

Window netting and arm restraints are waived for these vehicles. Street driven and legally licensed vehicles do not have to meet Roll Bar/Cage requirements set forth in the Time Trials Rules (TTR) (page 3) except as noted herein.

Legal street licensed convertibles/targa/t-top vehicles shall have: 1) an OEM hard top secured at the OEM attachment points, or 2) have and can verify OEM rollover protection, or 3) have an aftermarket 4 point roll bar meeting Time Trial Roll Bar Specifications as noted on page 3 of the TT/HC Driver Rules. Legally street licensed convertible/targa/t-top vehicles **utilizing OEM seat belt/shoulder harnesses** that have marginal driver height issues relative to roll bar height may be acceptable if the roll bar is as high as the soft top will allow (when up). However, a final decision will be made on this issue by Tech and/or the Chief Steward and is subject to their approval.

PDX drivers must present a completed pre-event Tech Form to Tech officials (download/print last page).

Tech Inspection: will be held at the track at the times and areas noted in the event schedule. It is recommended that PDX entrants have their vehicle "teched" on Saturday. You must take your vehicle, along with your tech card and completed Pre-Tech form, to Tech Inspection.

Entrants: Entrants must register and receive their event credentials prior to track entry. It is recommended that sign-in Registration be done on Saturday. Registration is conducted in the CFR building, accessible via Gate 3. All entrants and their instructor must wear a helmet, meeting, as a minimum, **Snell M2000 rating**. All occupants of the vehicle must wear a **sleeved shirt and long pants as well as appropriate footwear** covering the entire foot. No open shoes or sandals.

Drivers Meeting: All entrants **MUST** attend the driver's meeting on the grid just prior to the start of the first PDX session. The time and location is noted in the schedule. Failure to attend this meeting may disqualify the entrant from participating in the PDX event and their entry fee will not be returned.

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5 inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Driving Sessions: Sessions will be as noted per the schedule and will be approximately twenty minutes in length. It is the driver's responsibility to be ready in the Grid area at the scheduled time. Failure to be ready per the schedule may cause the entrant to be prohibited from participating in that session.

Instructor: Fence line or on-track Instructors will be assigned to each entrant. At the discretion of the CDI, entrants may have an Instructor riding with them.

Passengers: With the exception of an assigned instructor or the Chief PDX Driving Instructor, passengers will not be permitted to ride along with PDX entrants, unless otherwise approved by the PDX Chief Steward.

Passing: Passing will only be permitted in the designated passing zones as noted on the course map and only after the driver of the overtaken car acknowledges with a hand signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones just off the edge of the pavement, drivers left: GREEN to designate the beginning of the zone and ORANGE to designate the end of the zone. All passes must not be started before the GREEN cone and must be completed by the end of the designated zone marked by the ORANGE cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

There are six (6) passing zones, indicated by green lines; may be adjusted during event, look for cones.

Passing Zones (5), as indicated by green lines, are approximate and may be adjusted as the event progresses, look for the cone placement.
