The use of "race" tires is permitted for PDX Solo participants only.

Most GCR, SIR, TT or Rally vehicles are eligible to enter the PDX and must meet the safety requirements for the class for which they are eligible. **Exception:** Open wheel and sports racer competition type vehicles are not eligible to participate in this PDX nor are high center of gravity (HCG) vehicles such as SUVs, pick-up trucks and vans.

Legal street licensed vehicles are also eligible to enter this PDX as long as they comply with the safety rules governing this event. Window netting and arm restraints are waived for these vehicles. However, a final decision will be made on this issue by Tech and/or the Chief Steward and is subject to their approval.

Driver's and passenger side windows must be down while car is on the track.

The use of any **cameras**, video included, is generally restricted to "in-car" attachment only as recommended by their manufacturer and mounted in a secure manner. If an exterior camera mount is used, it must be tethered firmly to an exterior body part. Suction type devices by themselves will not be acceptable as being "tethered".

In-car Instruction: Participants that have not previously been signed off to go "solo" at a previous PDX event will be required to have a ride along instructor for which an additional instruction fee of \$50 will apply. Participants falling into this category must have a passenger seat with appropriate seat belts in their car. The requirement for a ride along instructor may be waived by the Chief PDX Driver Instructor based on prior experience of the participant. The Chief PDX Driver Instructor reserves the right to ride along with any participant.

Tech Inspection: will be held at the track at the times and areas noted in the event schedule. It is recommended that PDX entrants have their vehicle "teched" on Friday for Saturday drivers and Saturday for Sunday drivers. You must take your vehicle, your tech card, **and a completed PDX Pre-Tech Form** to tech inspection.

Entrants: Entrants must register and receive their DIS credentials prior to track entry. It is recommended that sign-in Registration be done on Friday. They must wear a **sleeved shirt and long pants as well as appropriate footwear covering the entire foot**. No open shoes or sandals.

Track Familiarization Session: The purpose of this session is to give PDX entrants the opportunity to drive the track at slow speeds. The PDX group will be led around the course at a slow rate of speed for approximately 15 minutes. No passing, nor laying back to speed up will be tolerated. Cars will remain single file and must maintain the speed established by the pace, or lead, car(s). The PDX groups may be divided into two equal size groups for this session.

Drivers Meeting: All entrants **MUST** attend the Saturday or Sunday morning driver's meeting on the day for which you are entered. The time and location is noted in the schedule. Failure to attend this meeting may disqualify the entrant from participating in the PDX event and their entry fee will not be returned.

Numbers, Classification of Vehicles and Timing: Numbers must be on both sides of the vehicle, be legible and be at least 8 inches tall with a 1.5 inch stroke and in a contrasting color to the vehicle. There will be no designated classes for this event nor will there be any "timing" of a vehicle during the event. If completing paper entry, please provide three number choices.

Flags: Flags for driver notification will be as noted and discussed at the Drivers Meeting. Failure to respond to a flag notification could cause an entrant to be prohibited from completing the remainder of the event.

Off Course Excursions and Spins: Any vehicle leaving the paved course area with more than two wheels or spinning on course shall proceed safely to the Pit Area for discussion with event officials and/or vehicle inspection after receiving directions to proceed from a flag station.

Driving Sessions: Sessions will be as noted per the schedule and will be approximately twenty minutes in length. It is the driver's responsibility to be ready in the Grid area at the scheduled time. Failure to be ready per the schedule may cause the entrant to be Prohibited from participating in that session.

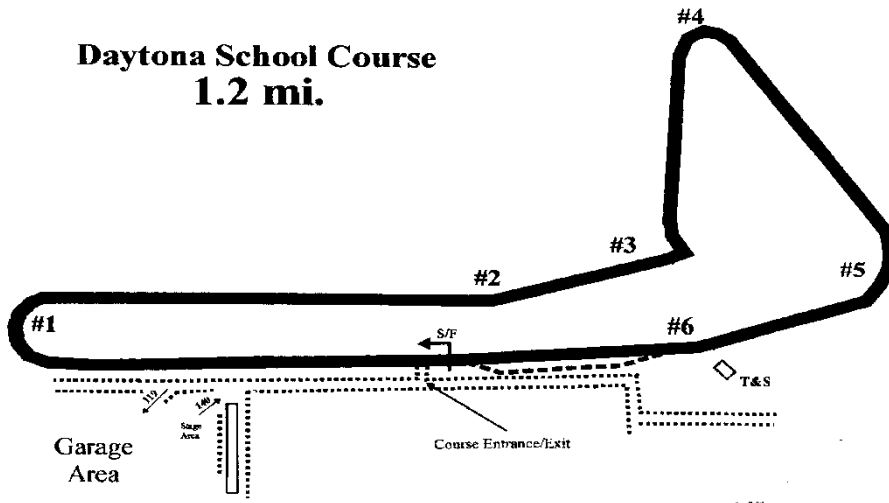

Instruction: Instructors will be assigned to each entrant and entrants may have an Instructor riding with them during the first session and until the Instructor is satisfied with the entrant's abilities to lap the course safely. Other than an instructor, no other passengers are permitted. Novices will not be signed off to "solo" with only one instructor sign-off. Two successful instructor sign-offs are needed to participate in the PDX SOLO grouping.

Passengers: With the exception of an assigned instructor, passengers will not be permitted to ride along with PDX entrants unless approved by the Chief Steward. All passengers must be SCCA members or have a Weekend SCCA Membership.

Passing: Passing will only be permitted in the two zones as noted on the course map and only after the driver of the overtaken car acknowledges with a vehicle's directional signal, or hand signal that the overtaking vehicle may pass. The overtaken driver shall indicate on which side of the vehicle the pass should occur. The "passing zones" will be designated with traffic cones on one side of the track surface and at the edge of the pavement: GREEN to designate the beginning of the zone and ORANGE to designate the end of the zone. All passes must not be started before the GREEN cone and must be completed by the end of the designated zone marked by the ORANGE cone. Slower vehicles must allow faster vehicles to pass in the designated zones. Failure to adhere to these passing procedures may result in a Black Flag given to either driver.

PLEASE NOTE: To reach SCCA Registration, from International Speedway Boulevard (Highway #92) turn south on Williamson and enter DIS property at Gate 40. The SCCA Registration Building is inside on the left. Friday night tech will also be at this location.
