## R.E. Report

The CFR break period is over, and now we need to pick-up the pace, again.

In case you blinked, the 2009 season started with the Grand Am test days at Daytona and the Double National at the new and improved Moroso. I was at the Daytona event.

On Sunday, the Penske group had the fast lap at 1:42:154, which was down several seconds from last year's time. It turns out there were two changes this year during testing. First, there were changes made to the bus stop in the way of new alligator teeth at the apex of the corners that kept all competitors off the grass. Secondly, there was tech early on and regular inspections during the event.

There were a little over 20 Prototypes, 30 or so

### Rick Balderson

GT's and 36 of the Koni series cars on hand.

By the time this gets to your mailbox the race will have been run, I'm hoping the 3:45 start turns out to be a good decision for TV, as it sure is a pain for the competitors and the CFR staff.

Next up was the 2nd weekend of the New Year, and two events for CFR, as any old region can hold just one event. The National at Sebring was fairly well attended by both competitors and workers, considering the economy, this is probably as good as it gets. The Solo group held a two day event and hopefully you'll read about it either on-line or in the March issue. I noticed most other regions were running their snow blowers,... too bad.

The Jumbo regions had a conference call with

Jim Julow and the senior staff at the SCCA National office and we discussed the on- going nature and value to the club of the new president continuing the Jumbo program. While there is nothing new to report, it appears that the Jumbo's have the attention of the National office and will be meeting at the SCCA annual convention to discuss issues, like the cost of insurance and level of customer service provided to the Jumbo Regions by the SCCA National office.

I'll report on the Las Vegas convention in March.

I hope CFR family will continue doin' what we do, 'cause we sure have a full agenda for the 2009 season.

Keep those cards and letters coming.

## District News

### District 1

The new year started out well for District 1 at the January 13, 2009 meeting at Eat At Joe's Crab Shack in Clearwater, FL. There were 45 peeps in attendance, with visitors from the North, District 2 and Charlotte County Motorsports Park.

Our Governor, Sammi Marlis-Ronshausen, started the meeting with introductions all around. She then presented Driver's awards to those in our District who had won awards but had not attended the Annual Meeting. Receiving their awards were Derek Lieb placing 3rd in F500 and Tom Mallin, 2nd in GT1. Wally Osinga placed 2nd in FE, but his award was "picked up by someone else". If anyone knows who that

"someone else" is, please get Wally's award to him. Bob Shouse, although not there, will receive the award for secretary as our regional secretary Carol Gavaletz said he did most of the work this past year in preparing the data for the e-mails and post cards that go out. Carol also requested that Gail Kasson be acknowledged for her assistance in mailing out all the post-cards.

The annual meeting was discussed too. District 6 did a FANTASTIC job this past year. Highlights from the annual meeting: BOG meetings are changing to Saturdays; District 1 will be hosting the 2009 annual meeting; the Daytona garage fee cap was raised to \$50 with the approval of a \$35 fee for 2009. The BOG also approved the

purchase of an 8"x8" paver for the new Sebring Museum and a \$5 surcharge to all drivers to create an account for Track Maintenance up to \$10,000. This was installed after \$6700 bill for damages was incurred at the Turkey Trot in November 2008.

March 14th is the next BOG meeting and so in February we will discuss items to be brought up then.

A call for volunteers to work on the 2009 Annual Meeting was issued. Several hapless souls stood up to take on the task. Thank you all. This committee will meet next on January 27th 2009 at Eat At Joe's Crab Shack at 7pm to discuss findings so far...hotel/banquet facilities being the

priority.

Bobby Diehl from Charlotte County Motorsports Park (exit 161 off I75) gave a talk on all his raceway has to offer and to invite drivers and spectators to visit. It is open 7 days per week and could potentially have an SCCA night where all SCCA members with their membership card could get in free. He has had an IT driver drive his car their – and although it is mostly a 3/8 mile "roundy/round" there are options for road racing configurations. CharlotteCountyRacing.com and

## District 3

District 3 held its first meeting of 2009 at Rossi's Pizza on S. Orange Blossom Trail in Orlando with a faithful few attending - most of whom were just back from our Winter Vacation National event at Sebring. Gov. Bill Martin reported on activity from the December BOG meeting. CFR completed our very busy 2008 schedule by supporting the Audi Club event at Daytona which was conducted the same weekend as our Annual Meeting.

We have already supported Grand AM Test days - January 2-5 and immediately upcoming is the Rolex 24 Hours at Daytona January 24-25 and our Sebring Regional, February 21-23. Contracts with Daytona and Sebring have been completed and Friday test days for our National and Regional at Daytona have been approved by the

Roebing Road is holding a Double Driver School on February 12th – 15th, 2009. Bob DeLoatch sent out an e-mail requesting corner workers for the event. Worker gifts include \$50.00 a day, each day of work, as well as lunch each day, and an event T-shirt. A Social is planned for Saturday after the racing is completed. I wonder – is it warm enough in GA to work early February???

Speedway. There has been a significant change for the Brumos 250 event. It was scheduled to run Thursday, July 2<sup>nd</sup> - before the NASCAR event but will now be run July 4<sup>th</sup> - the same day as the NASCAR race. Logistics such as access, parking and hotel rooms should be interesting....stay tuned!

Robin Langlotz, RBC, reported that our National had 211 entries - down from 258 in 2008 which is a drop of 47 cars. Florida Region also experienced a drop in entries for their National. We expect a 10-15% downturn throughout 2009. We did have a good event and the Spec Miata compliance group was in attendance doing their inspections. Robin also reported that Bill McGavic, Leland Miller and Chuck Dawson have

We also discussed the printing of the Checker and mailing – as brought up at the Membership Meeting in December. Lots of ideas were presented, but no consensus was achieved. This topic was tabled to the February meeting.

Birthdays for the Month of January: Al Harhay – 15th. Ian Ronshausen – 21st and Jim Westercamp – 27th. Happy Birthday to them, and all other January Birthdays.

Til next month – keep warm and enjoy the racing!

## Fran Martin

volunteered to support At Track Administration for our races starting in February. TransAm is running a 6 race series in conjunction with both Regional and National races across the U.S. They will be at the Runoffs.

Both RE Rick Balderson and Robin will attend upcoming Divisional and National meetings - SEDIV at Jekyll Island the weekend of January 17-18 and the National Convention in mid-February in Las Vegas.

Remember to check our web site for most current event schedules and contact your chiefs to work.

See you at the Races!

## Letters to the Editor

### Thanks Gail!

I forgot to mention a big "Thank You" to Gail Kasson in my Annual Report. She is just there month after month, getting the postage handled, and I don't even think about it! I drop the cards off

at her place when I'm half asleep on my way to work, once a month and "poof" they are handled. I don't even see her, I just leave them outside in the dark and I'm off in 2 seconds, never to think

about them again. Without her assistance, it would be a lot more trouble, that's for sure!

Carol Gavaletz

### Big Change

I have just received word that the 2009 Brumos Porsche 250 at Daytona will be run on Saturday the Fourth of July and not on Thursday the Second of July. This is, of

course, the same day as the July NASCAR Event. To say that they have some details to work out is a vast understatement.

Film at 11.

Bill Martin

### To CFR:

I was most surprised and extremely lucky as I found myself with a front row seat to the big fire during the Turkey Trot IT race. My Mazda hydroplaned shortly after crossing the start finish line, turned 180 degrees and was picking up speed going backwards heading into Turn 1. For what seemed an eternity, I checked my mirrors and looked out the passenger window where I saw a speeding fire truck on course. I wondered if my Mazda was going to crash into the fire truck. At the last minute, and for reasons I still don't know (thanks Steve Kearney), my car turned back 180 degrees as I glanced the tire wall with my front fender. The long ride had finally come to a sudden stop. The sudden impact was not bad, I was not hurt and my car did not seem heavily

damaged.

I could not believe my eyes as I looked 25 yards in front of where I stopped and there were 2 cars on fire. The corner workers and the fire truck arrived at about the same time that I did. In a typical Sebring sized thunder storm, our dedicated CFR Corner Workers were fast at work assisting drivers out of their crashed and burning cars. I did not realize until later there was actually a third car buried under the tire wall, which burned to the ground.

It is a rare occasion that we see a fire of this proportion. It is however, a reminder of the importance of a fuel cell (although not required for IT racing by National SCCA - it is a cheap investment for your safety - 250.00 from the

summit or legs) and a HANS device. Remember, we are running almost 150mph at Daytona.

Finally, we are very fortunate to have professional, dedicated and committed Corner Workers to provide support to our club. I got to watch first hand, an incredible job well done by our Corner Worker crew in a driving thunderstorm. Many drivers realize that without the support of our Corner Workers and the CFR Administrative Staff, there would be no racing. So, thank you for your dedication and support in making CFR one of the best SCCA Regions in the country..

## *In Memoriam*

Art Corbitt passed away recently. If you have worked, raced, or been to Roebling in the past...ever...you have been helped

and watched over by Art. Art, and his wife, Judy, have been "track parents" at Roebling for 10 years. He will be sorely missed.

## *Help Needed at Roebling Road*

Happy New Year!

The New Year brings the beginning of a new year of racing at Roebling Road. Please join us as the Buccaneer Region, SCCA, holds our Double Driver's School February 12-15, 2009, at Roebling Road, near Savannah, GA. Flagging and Communications folks are needed Friday, Saturday, and Sunday, 13, 14, and 15 February.

Worker gifts include \$50.00 a day, each day you work, as well as lunch each day, and an event T-shirt. A Social is planned for Saturday after the racing is completed.

Registration is available online at <http://www.dlbracing.com>.

Please register in order to receive the worker incentives.

Seeing folks registered eases the anxiety of the Chief Steward as well as of our Flag Chief.

Registration at the Track is scheduled to be open:

Thursday, 02/12 - 10:00 AM until 2:00 PM

Friday, 02/13 - 7:00AM until 10:00AM

Saturday, 02/14 - 7:00AM until 10:00AM

F&C Worker Meetings are scheduled for 8:00AM on Friday, Saturday, and Sunday.

If you know of a driver who is not instructing, twist their arm and bring them along. We can always use more folks on the turns.

Please feel free to contact me should you have any questions.

Looking forward to seeing you at Roebling Road as we start our racing year.

Bob DeLoatch

## *This Month's Cover*

The photograph on the cover is a "doctored" version of the photo shown here. It came from Jon Beckett who took it at the SCCA autocross Sunday Jan.11.

What a beautiful day for a ride of any kind!

## Flag Ravings

THE SEBRING NATIONAL RACE: Sure hope there will be some good weather left for the 12 Hour, 'cause we might have used it all up in this race weekend. As of registration time, 207 cars were signed up for the 6 groups. Our good weather brought drivers from 29 states and 2 countries to compete. The two largest groups were the SRF's with 48 and the Miatas with 43. Of those 43 Miatas, over half were from our CFR region. It was a great racing weekend for all of us. Our particular thanks to the Stewards and to the EV folks for their rapid response to our corner incidents and needs. Corner communications were well done with a minimum of 'walk overs' or lengthy transmissions. We did have some radio problems, for which we can thank the monsoon during the last race of '08, the Turkey Trot. We not only drowned but the radios suffered too. Our Flag Chief, Rich, did a great job flying from corner to corner doing quick fixes for us. An Atta' Boy to Jim Hooker and Rich for their Chief Communicator stints on Saturday and Sunday. Both were under the weather with colds and fading voices but they came through like champs.

BE PREPARED: If you haven't already, be sure to sign up for the 12-Hour at Sebring as soon as you can. Workers are needed from Wednesday March 18 through the 12 hour race on Saturday the 21st. Preparing the Corner assignments in addition to all the other staffing and equipment tasks, is a big job for our Flag Chief, so let him know if you can be there and what days you'll be available. I'm sure you did this for the 24 hour (or if not, you discovered the hard way that you didn't bring what you needed) but...do check your worker clothes and rain gear. Putting it on and then finding large holes not needed for ventilation is not a good way to start your day. I spray CampDry (which can be found at Ace-is-the-place or most hardware stores) on my shoes. I think it helps and at least I can feel I've done everything I can. Bring extra scanner and

flashlight batteries, snacks and drinks with you in the morning. And yes, sunscreen is a must - remind our northern visitors to use it too. As always, bring clothing to take you from blizzard to sunstroke weather - you'll need one kind or the other, or, quite possibly both to take you through the weekend. Feel wanted, feel appreciated... be prepared for any and every thing.

Dust off your green and black flag skills and determine what your Captain's green and red flag signals are when you arrive on station. During a flag stint, keep a sharp eye on traffic on track and on the access roads, AND keep an eye on your Captain- he or she is your lifeline for knowing what's needed and for keeping you safe. As for Captains, check your flaggers, and your safety people constantly - you have to be alert to any situation where there is a question or help is needed. Remember too, one of the not-so-candid cameras may be on you (no scratching or saying words that can easily be lip read by the home viewers!) It's also especially important to give sharp, precise radio transmissions. This is just one more time for us to show we're one of the best and most professional regions in the country when covering a SCCA Pro-Race.

HONE YOUR SKILLS:: When on come, remember what yo'mama taught you ... listen and think before you speak. Maintain radio silence during call arounds, and be very careful not to walk on someone trying to get urgent information to Control. Keep it sweet, simple and short. As for flags, hang 'em high and work hard to be sure drivers are able to see you and your flag. Enthusiasm is the key.

DAYTONA THANKS: A beforehand thanks to all workers, the great Road Kill Cafe staff and the people supplying drinks, batters and a host of "I needs" You're vital to all of us Corner Workers and are much appreciated.

*Sally Larson*

TIP (NOT): Just saw an ad for a product to put in the rinse cycle of your washer. The announcer screams - it repels stains! Since on an average worker shirt... by the end of the day one look will tell you every foodstuff we've consumed, The new product sounds great but let's stop and think. The product repels any liquid.... hmmn. Things like plastics, and tent canvas repel liquids... this sounds like you'd be garbed like the Iron Man/ Maiden of yore. Would your clothes continue to bend at elbows and knees? True you'd look pristine at the end of the day but could you function properly without first being blasted with a hose? I think I'll just make do with my trusty Oxiclean!

A SAD FAREWELL: Word was received that at the beginning of January, Art Corbett, Flag Chief of Buccaneer Region at Roebeling Road had passed away. Art was truly a Gentle Man and never met a stranger. He gave a warm welcome to his region volunteers and to all of us out of region workers as well. He made us feel at home and treated us as family. He was dedicated to taking care of his F&C workers, providing help and services, and overseeing our safety. Over the years, Art and his wife Judy became instant members of our respective families also.

We were privileged to learn from, work with, and for him. Art will be truly missed by all of us who respected him as chief, appreciated his work, and valued him as our friend. Our deepest sympathy and condolences to Judy and the Corbett family. Workers wishing to send personal notes to the family, can send them to the Corbett's, P.O. Box 246, Rincon GA 31326.

TOUGH TIMES: require tough choices. As we struggle to make ends meet and keep our jobs and homes, never lose track of our blessings... health, family, friends, and of course that includes our CFR family.

We had a ceremony for rookie of the year in the pits. All our pit marshals voted on who was the best new marshal in the last 3 years. Jim Kosco won with Pamella MacGregor coming in one vote down as runner up.

Jim Kosco Pits Rookie of the Year.

Pam McGregor Runnerup Pits Rookie of the year.

This one is of Kris Dean and Stubert B. Nice our pit mascot. Over the weekend Stubert had his nose touched by no less than 100 folks for luck. Don't know if it worked or not, but was quite interesting to see so many go up to him just to touch his nose! They took pictures standing next to him too!

The gent trying to get his pants long enough in the pits is Lynn Pollock! What a hoot he is.

The gaggle of young folk are friends of Austin Theen. They came to see what all the talk was about at the local restaurant they hang out at in Sarasota, called "Fuel". They really enjoyed themselves and will most likely be joining our ranks. A lot of our membership were kind enough to make them feel welcome and at ease, which made their experience really nice for them. The rest are just photos taken in pit lane.
